An overview of the draft Shamberg Management Plan was presented by Aaron Hurst, Forester FPR. After a brief presentation, discussion ensued regarding the heron rookery, trails, logging, access, forestry, recreation and wildlife habitat.

The conservation commission would be responsible for the administration of this land once the management plan is approved.

Public comments will be open until October 30. The plan, with public comments, will be submitted to the Select Board after that date for final approval.

Respectfully submitted,

Margie J. Malko
