# COMPOST BIN ORDER FORM

**Keep food scraps out of the landfill, reduce your trash disposal expenses,  
and make your own compost!**

- **SoilSaver Backyard Bins** 86 Gallon Recycled Plastic Compost Bin is made of 0.25- inch-thick structural foam, black recycled plastic. Tough and weather-resistant, the 2-foot-square top opening makes it easier to fill and mix the contents, and two bottom doors provide full access for harvesting finished compost. Each door measures 15L x 10W inches. Made of 0.25-inch-thick black recycled plastic
- **5 Gallon buckets** have locking lids to keep odors in and pests out
- **Counter top pails** have vented lids, back grip, latch closure, pop off lid for easy cleaning
