Williams Park PROS

- The Park has the funds to support this project
- The Location is wonderful
- It is visible from the road- people driving by will be interested
- The area is underutilized with the exception of the Farmers Market
- Families with children will not be distracted by the playground-
- Adding Power could potentially open up the Park for other events
- Plenty of parking
- *Size*

Williams Park CONS

- Power could cost \$1,000
- Power location may be in a Flood Plane (what does this mean?)
- No Playground playground
- Need to see if the porta potties will be available for use
- Noise?

Pingree Park PROS

- There is already power
- There is covered area- Could avoid rain date
- There is a playground
- Port a potties available
- Utilize the park for family and community functions
- Parking

Pingree Park CONS

- It is out of the way (this could also be a PRO)
- Playground could be a distraction- Parents might have to leave music to watch kids.
- Parking could get crowded
-
