1. Family Fun Day

Pam has arranged for the food donations. Food will mostly need to be picked up at M&T's a few things will be given to Kelly ahead of time

Paul has agreed to grill Nadine will see if her grill works. If not Jakes grill might be an option – Gas would be ideal though.

There are paper goods left over- Laura said the collaborative could provide more

Laura will work on securing at least 10 volunteers for the event

Set up should begin around 8 or 9

2. Bottle money

Tom has requested help from the parks board and FBAA with the transportation of the bottles. E-mails were sent to both groups and the topic was discussed at this week's select board meeting

Will need to set a schedule with a minimum of two bottle runs a week to be split between FBAA and Parks Board-

Will ask the community for volunteers

If FBAA cannot assist then the money should no longer be split.

3. The rescue squad will discuss proper procedures if the public happens to come across drug paraphernalia (needles) in our community – Parks hiking paths etc.
