

**Town of Londonderry, Vermont**  
**Selectboard**  
**Meeting Minutes**  
**Monday, July 6, 2020**  
**Meeting held remotely via online video with no physical presence**

**Board Members Present:** Georgianne Mora, Thomas Cavanagh, Taylor Prouty, Vincent Annunziata, and James Fleming (via telephone).

**Board Members Absent:** None.

**Others in Attendance:** Town Officials – Town Administrator Shane O’Keefe, Town Treasurer Tina Labeau, Town Clerk Kelly Pajala, Emergency Management Director Kevin Beattie, Planning Commission Chair Sharon Crossman (7:45 PM) and Road Foreman Josh Dryden. Others – Residents Richard Phelan and Ellen Seidman, Kelly Capen (7:14 PM), Champion Fire Chief Jeff Duda (7:32 PM), Deerfield Valley Communications District representative Steven John, and Bruce Frauman (GNAT).

**1. Call meeting to order**

Selectboard Chair George Mora called the meeting to order at 6:01 PM.

She noted that in response the Governor Scott’s January 20, 2020 declaration of a State of Emergency due to the spreading COVID-19 pandemic, and his “Stay Home, Stay Safe” executive order restricting and minimizing all unnecessary activities outside of the home, and in accordance with Act 92, signed into law on by the Governor on March 30, 2020, which allows for changes to the Vermont Open Meeting Law to protect the health and welfare of the public, that the meeting was being held entirely remotely with no physical presence.

She added that the meeting was being conducted entirely on Zoom meeting software and that the Board members and staff were participating by video except for Board member Jim Fleming, who was participating via telephone. She noted that the public was permitted to participate via video or telephone. And that the agenda posted on July 3, 2020, and still available on the Town’s website, provided information on how the public could participate in the meeting. She noted a few matters of meeting process, including the requirement that all non-unanimous votes by the Board must be taken by roll call vote, with each member stating their name and vote.

Mora provided some technical guidance for participation by both phone and video. Each of the Board members than vocally identified themselves.

Mora spoke about an overt act of racism that occurred the night before. She stated that racism has no place in Londonderry, or anywhere in our country, and that Black citizens in the community should be afforded the same respect and expectation of safety as all other citizens. All of the Board members agreed with her sentiment.

## **2. Additions or deletions to the agenda**

Shane O’Keefe noted that the agenda should be amended to reflect that the minutes to be approved are those from July 29, 2020, not July 15, 2020, which have already been approved.

## **3. Minutes Approval – Meeting of June 29, 2020**

*Jim Fleming moved to approve the minutes of the Selectboard meeting of June 29, 2020, seconded by Tom Cavanagh, passed unanimously.*

## **4. Selectboard Pay Orders**

Pay orders were reviewed by the Board members. There was discussion about a reimbursement request from the Conservation Commission for the cost of Commissioner’s meals when taking a speaker out to dinner. Mora noted that this matter has been addressed in the past and previously decided that the Town should not be paying for Commissioner’s dinner, only that of the speaker.

*George Mora moved to approve the pay orders for payroll and accounts payable, revised to exclude the meal reimbursement for the Conservation Commission, seconded by Vincent Annunziata, passed unanimously.*

It was agreed that a revised reimbursement request should be requested from the Conservation Commission, with itemized receipts.

## **5. Announcements/Correspondence**

Bruce Frauman noted a recent celebration for Delores Barbeau of Neighborhood Connections and her contributions to the community.

Kelly Pajala offered a reminder to registered voters and those residents who want to vote that absentee ballots for the August 11<sup>th</sup> Primary are available and she explained the various ways to get a ballot. Which must be returned by close of the polls on Primary day.

Pajala also spoke to the hate speech issue mentioned earlier in the meeting, noting that Londonderry is never an island, and that this event included two other locations outside of Londonderry. She said that we should support community members who are asking to be heard and treated as equals, and do everything we can to be inclusive here and everywhere. She thanked VTrans for its quick action and response to covering the spray paint on VT Route 100 at all three locations.

O’Keefe noted correspondence included in the Board’s meeting packet was as follows:

- A letter and report of 6/26/2020 on PFAS sampling at the former septage fields, noting that the results showed continued elevated levels on the on-site groundwater well, and no PFAS present in the off-site drinking water well at Riverside Condominiums.
- A 6/26/2020 letter from the Town’s water testing consultant to Riverside Condominiums noting the absence of PFAS in the drinking water.
- Recent correspondence to and from the Vermont Department of Environmental Conservation regarding the Town’s wish to participate in any cost-recovery efforts for the PFAS pollution at the former septage fields.

- A copy of the wetland permit for the proposed underground connection of the Town garage to the Town Office generator, issued 6/13/2020.
- A copy of a 7/2/2020 letter from O’Keefe to Taylor Farm owner Jonathan Wright on various land use and zoning compliance issues.

## 6. Visitors and Concerned Citizens

None.

## 7. Old Business

It was agreed to adjust the order of the agenda to address the matter of membership in the Deerfield Valley Communication Union District, scheduled for later in the meeting.

### a. **Town of Londonderry membership in the Deerfield Valley Communication Union District (DVCUD) and appointment Town representatives**

Steven John, a representative of the Deerfield Valley Communications District from Marlboro, met with the Board to address any questions related to the Town's potential +broadband connectivity throughout the communities. Mora stated that she felt that joining the District as the best way to bringing broadband to Londonderry, and joining the District can be done by way of a vote of the Selectboard. She asked if alternate representatives are necessary this time and John noted that they were not.

John spoke about the formation of the District and noted that annual meetings of the District are in early May each year and an appointee must be made each year by the Selectboard just before then. The next regular meeting is scheduled for July 15 he noted, at which time Londonderry’s membership could be considered , and it is expected that district membership would be by 15 by that time. John noted that the District is one of six in the state, and there is likely to be up to eight districts state-wide.

Ellen Seidman was introduced by Mora as a resident who has expressed an interest in this effort and his willing to serve as the Town’s representative. Seidman asked about the timing of the broadband effort, and John explained in detail much of the background, project funding and efforts going forward. He noted that a request for proposals for a consultant was in the works, as was on for an operator.

He stated that taxpayers are not liable for project or District indebtedness, only subscribers are paying and if there is a bankruptcy, even the subscribers are held harmless. He also noted that the Town can withdraw simply by a vote of the Selectboard. Mora noted that there are no taxpayer dollars going toward the project.

*Vincent Annunziata moved that the Town of Londonderry hereby requests admission to the Deerfield Valley Communications Union District, and appoints Ellen Seidman as Representative to the Governing Board, seconded by Tom Cavanagh, passed unanimously.*

Alternate representatives will be appointed by the Board at a later date. John and Seidman left the meeting at 6:46 PM.

## **8. Town Officials Business**

### **a. Emergency Management Director – COVID-19 response updates**

Emergency Management Director (EMD) Kevin Beattie briefed the Board on the COVID-19 pandemic and the declared state of emergency. He noted that the community is still in a holding pattern with low state-wide rates, and hoping it stays that way.

He noted that the mountain towns virtual Emergency Operations Center (EOC) is still activated and the State EOC is looking at going from partial activation to monitoring status he believed. He wants to keep the local EOC operational until the end of the month, subject behaviors in the community with visitors and people letting down their guard.

Beattie mentioned that another food distribution was scheduled for Wednesday that week, requiring online preregistration, and another scheduled for July 22<sup>nd</sup>. Pajala indicated that there are no reservation spots remaining on the distribution list for the first event. Another two distributions will take place in August he noted.

### **a. Emergency Management Director – Purchase of basic supplies for Town sheltering**

Beattie reviewed with the Board list of shelter supplies that he developed with a shelter group of the Community Resilience Organization and is needed regardless of the COVID-19 pandemic, the estimated cost of which was \$1,500.

He noted that it is unlikely that FEMA would reimburse this cost, and there was discussion about reaching out to mountain towns EOC communities for contributions. And also he noted that he wished to procure the supplies before they were needed in an emergency.

Vincent Annunziata suggested that there be a fundraising effort to come up with the funds. Cavanagh committed \$100, as did Mora, then Annunziata committed \$150, and then resident Richard Phelan pledged \$500, raising more than half the needed dollars then and there.

There were no objections to the proposed purchases.

### **b. Town Health Officer – Discussion of shared Health Officer services with another town**

Mora noted that she had been appointed Town Health Officer by default by the Vermont Department of Health, and noted that it is a lot of work for a volunteer and described the significant work related to some of the requirements, such as rental housing complaints and inspections. She mentioned that she had been in contact with the Jamaica Selectboard Chair, who also is a Health Officer by default, about sharing the position between several communities. She noted that there are other towns throughout the state that do this.

Mora recommended that a shared Town Health Officer be hired with some level of compensation, and volunteered to reach out to area towns if there is interest in this sort of arrangement. Prouty suggested contacting the same towns with which the Town cooperates with solid waste management. O'Keefe will provide to Mora a contact list of all Vermont Health Officers.

## **9. Transfer Station/Solid Waste Management**

### **c. Updates**

Tom Cavanagh noted that on July 1<sup>st</sup> the food scrap ban began and there are compost bins at the Transfer Station for public use. Labeau mentioned that countertop compost containers were available for sale at the Town Office.

He stated that there is no intention to open up the take-it-or-leave-it shed in the near future until such time as the Emergency Management Director Beattie thinks it is OK to do so.

## **10. Roads and Bridges**

### **a. Updates**

Taylor Prouty reported that the paving on Middletown Road has started and only shoulders and driveway aprons are still needed to be done.

He also noted that the damaged garage door at the Town Shed beside the Town Office is scheduled to be replaced during the coming week. He spoke about improved future use of the shed, including inventorying and organizing it, an potentially selling surplus equipment in the not-so-distant future.

Josh Dryden added that there is ditching going on as well as brush clearing going on with the roadside mower attachment, but he noted that it does not cut grass well and is slow. He mentioned about seven culverts to be installed this summer.

Prouty mentioned that the mower attachment has worked well, but he agreed that it has limited utility and a mowing machine is still needed. He said that we need to put together a workable well thought out capital replacement schedule.

There was discussion about the roadway broom, and it was mentioned by Dryden that new regulations require a closed cab for this type of highway work and the existing broom does not operate well. Alternatives for replacement was discussed.

### **b. Consider improvements to legal trail #2 at the end of Under the Mountain Road**

Prouty shared with the Board preliminary engineering plans prepared by an engineer hired by the Jamaica property owners that appear to address the issues raise by the abutting property owners.

It was agreed that the plans would be forwarded to the abutters and contractor and a meeting with them arranged to go over the plans, which O'Keefe will handle.

### **c. Derry Woods Road Culvert Project – Construction inspection services**

O'Keefe mentioned that the Derry Woods Road culvert project would be starting in August, with Hunter Excavating doing the work, and he shared with the Board a proposal for project inspection services from engineer Everett Hammond. It was noted that the project budget can cover this expense.

*Taylor Prouty moved to authorize the hiring of Everett Hammond, PE to provide construction inspection services for the Derry Woods Road Culvert project at a cost not to exceed \$6,800, and to authorize the Town Administrator to sign all documents necessary for the hiring the contractor to conduct the necessary work, seconded by Vincent Annunziata, passed unanimously.*

**d. Review Bids and award contract for FY2021 Winter sand**

The Board reviewed bids received for provision of winter sand. It was noted that the Town consistently overspends or under budgets for winter sand. The FY2021 budget is \$25,000 and the low bid received is \$58,000.

Bids came in as follows:

<b>Bidder</b>	<b>Sand Delivered (\$)</b>	<b>Sand Only (\$)</b>
Hunter Excavation, Inc	58,000	56,000
Eastman Sand & Gravel, Inc	59,600	36,000
Bazin Bros Trucking, Inc	60,800	44,000
Hill Construction Group, Inc	72,000	52,000

Dryden mentioned that he had spoken with the low bidder for delivery and that the delivery could commence the next day if they received the bid.

*Taylor Prouty moved to accept the bid from Hunter Excavation, Inc. for FY2021 winter sand (RFP #2020-03) for delivery of winter sand, and to authorize the Town Administrator to execute all documents necessary for the hiring of the contractor to conduct the necessary work, including a service contract after review by the Town Attorney, seconded by Tom Cavanagh, passed unanimously.*

O’Keefe will contact all bidders informing them of the Board’s decision.

**e. Discuss tree removal on Thompsonburg Road**

Prouty presented to the Board the two quotes received for removal of two dead or dying trees on Thompsonburg Road.

Tree Warden Kevin Beattie inquired about whether the budget provides funds for tree removal, and mentioned another tree on the road that needs removal. He suggested that the next year’s budget needs to address additional tree removal costs. Prouty noted that the traffic safety study conducted for Thompsonburg Road a few years back mentioned a number of trees that need to be removed.

The Highway Department budget was discussed, and it clear that several budgeted figures must be adjusted in the future.

*Taylor Prouty moved to accept the bid from Carr Tree and Timber to remove two dangerous trees within the Thompsonburg Road right-of-way at a cost of \$2,850, to include traffic control, and to authorize the Town Administrator to sign all documents*

*necessary for the hiring the contractor to conduct the necessary work, seconded by George Mora, passed unanimously.*

O’Keefe will contact all bidders informing them of the Board’s decision.

## 11. Old Business

### a. Discuss posting signs regarding dog ordinance

Kelly Pajala brought up the need to post signs related to controlling dogs along the West River Trail. Mora was suggested that a sign could be placed on the information board at the Depot Building. Sharon Crossman suggested placing a second sign in the parking area of the trail on the post before the gate. All agreed that it was a good idea to post the signs, which would be put together by the Town Office staff, and Beattie will have them laminated and posted.

Penalties for uncontrolled dogs was discussed, and it was agreed to put the Animal Control Officer’s name and contact information on the signs.

### b. Town of Londonderry membership in the Deerfield Valley Communication Union District (DVCUD) and appointment Town representatives

This matter was addressed earlier in the meeting.

### c. Consider bids for sale of mower deck

The Board reviewed bids for sale of the Highway Department mower deck, which was advertised for sale per the Town’s Purchasing Policy.

Bids came in as follows:

Bidder	Bid (\$)
John Skinner	2,222.22
Rick Weitzel	850.00
Wayne's Auto Lawn Care	801.00
Wayne Blanchard	601.00

*Tom Cavanagh moved to accept the bid from John Skinner in the amount of \$2,222.22 for the purchase of the Town’s surplus Ferris mower deck, as advertised on June 9, 2020, and authorize the Town Administrator to sign a bill of sale for the item on behalf of the Town, seconded by Vincent Annunziata, passed unanimously.*

### d. Adopt Ordinance on Regulating the Disposal of Solid Waste through Open Burning

The proposed ordinance was discussed briefly, and Mora suggested discussing enforcement at a future meeting given the ordinance would not be effective for 60 days.

*Vincent Annunziata moved to adopt the Ordinance on Regulating the Disposal of Solid Waste through Open Burning as presented, such amendment to take effect after 60 days*

*unless a petition is filed as provided for under 24 V.S.A. § 1973(b), seconded by Tom Cavanagh, passed unanimously*

O’Keefe will take care of notice of adoption requirements.

## 12. New Business

### **a. Consider proposal for Town Hall building envelope audit, and authorize use of Town Building Reserve Fund**

Sharon Crossman, on behalf of the Planning Commission, spoke about this thermal building audit effort being one of several studies recommend by the initial building analysis done by engineer Chris Cole, and is needed to better understand the extent of necessary building renovation/upgrades.

*Taylor Prouty moved to 1) accept the proposal from BVH Integrated Services as submitted for building envelope audit services for the Town Hall, estimated to cost \$2,050, 2) authorize the Town Administrator to sign any documents necessary for the hiring of the firm to conduct the necessary work, and 3) authorize the expenditure to be paid from the Town Building Reserve Fund, seconded by Jim Fleming, passed unanimously*

### **b. Discuss public availability of Forest Fire Warden**

Mora spoke about the lack of responsiveness of both the Forest Fire Wardens to requests for burn permits, and noted that Town Office staff have had to deal with irate callers because of this. She noted that Melvin Twitchell is not answering calls and calls to his voicemail are blocked, and added that there needs to be someone who can be readily available for this service.

Chief Duda spoke to this matter and noted that he had had a discussion with Twitchell about fixing his voicemail, which was dealt with temporarily. Beattie mentioned that Twitchell is unable to answer his phone while at work, and Beattie had offered to help out with issuance of permits.

There was discussion about who else can legally issue permits under State statute. O’Keefe will look into this.

*George Mora moved to authorize Kevin Beattie to issue burn permits on behalf of the Town and the Fire Warden, seconded by Tom Cavanagh, passed unanimously.*

## 13. Adjourn

*Tom Cavanagh moved to adjourn the meeting, seconded by Vincent Annunziata, passed unanimously.*

The meeting adjourned at 8:10 PM. The next regular meeting of the Selectboard is scheduled for July 20, 2020.

Respectfully Submitted,

Shane P. O'Keefe  
Town Administrator

*Approved July 20, 2020.*

**LONDONDERRY SELECTBOARD**

  
Georgianne Mora, Chair

**ADDENDUM**

**ORDINANCE REGULATING THE DISPOSAL OF SOLID WASTE THROUGH OPEN  
BURNING  
CIVIL ORDINANCE  
Town of Londonderry, Vermont**

WHEREAS, the Town of Londonderry, Vermont has, by virtue of the authority granted in 24 V.S.A. 1971 (Title 24, Chapter 59, Section 1971), and 24 V.S.A. 2202a(a) (Title 24, Chapter 61, Subchapter 8, Section 2202a), the power to adopt, amend, repeal, and enforce ordinances, and to manage and regulate the Solid Waste disposal within its boundaries; and

WHEREAS, the Town of Londonderry has determined that disposal of Solid Waste through Open Burning practices prohibited by this Ordinance constitute public nuisances, and the Town of Londonderry has the authority to regulate and prohibit such practices by virtue of the authority granted in 24 V.S.A. 2291 (14) (Title 24, Part 2, Chapter 61, Subchapter 11, Section 2291);

NOW, THEREFORE, to protect public health and safety and to promote the responsible use of resources and protection of the environment, the Selectboard of the Town of Londonderry hereby adopts this ordinance to regulate the Open Burning of Solid Waste in the Town of Londonderry, Vermont.

**ARTICLE I. Purpose; Title**

**Purpose:** This ordinance is enacted to promote the health, safety and general welfare of the inhabitants of the Town of Londonderry and to prohibit Solid Waste disposal practices that pose a danger to the public health and welfare and the environment or constitute a public nuisance.

**Title:** This ordinance shall be known and may be cited as the “Ordinance Regulating the Disposal of Solid Waste Through Open Burning”.

## **ARTICLE II. Definitions**

“Construction/Demolition Debris” means materials resulting from construction, demolition, or renovation of buildings, roads, bridges and other structures.

“Hazardous Waste” means waste or a combination of waste that is identified as hazardous in, and regulated by, the Vermont Hazardous Waste Management Regulations including, but not limited to, waste that contains toxic, corrosive, reactive, explosive, or flammable ingredients.

“Incineration” means the burning of solid waste in an enclosed container, such as a furnace, stove, incinerator, or similar device.

“Natural Wood” means any of the following, provided such material has not been treated or injected with preservatives, paint or oil.

- trees and brush, including logs, boles, trunks, branches, limbs, roots, and stumps;
- lumber, including timber, logs, dimensional lumber or slabs dressed for use;
- pallets and skids

This definition does **not** include processed wood products such as plywood, particle board, fiber board, and press board.

“Non-Woody Vegetation” means leaves, grass, yard trimmings, and other organic materials.

“Open Burning” means the burning of any type of combustible material in the open or in an open container, including but not limited to a brush pile or a burn barrel, where the products of combustion are emitted directly into the atmosphere without passing through a stack, chimney or other enclosure. Burning shall include ignition, permitting or causing ignition, or allowing and maintaining burning.

“Recyclable” means any type of refuse designated by the Town of Londonderry or by the local solid waste management district to be separated for recycling.

“Solid Waste” means any garbage, refuse, or other materials generated by residential, commercial, industrial, and community activities. This definition does **not** include Natural Wood and Non-Woody Vegetation, as defined in this Article.

“State Permit to Kindle Fire” means the written document giving permission to burn at a specific time and place, with the authority to set special conditions, in accordance with Vermont State Forest Fire Laws, 10 V.S.A. 2645 (Title 10, Chapter 83, Section 2645).

“Waste” means any material that is discarded or is being accumulated, stored, or physically, chemically or biologically treated prior to being discarded or has served its original intended use and is normally discarded or is a manufacturing or mining by-product and is normally discarded.

**ARTICLE III. OPEN BURNING AND INCINERATION**

- A. The open burning or incineration of Solid Waste is prohibited in the Town of Londonderry, unless prior permission is obtained from the Vermont Department of Environmental Conservation.
- B. Prior to open burning, a State Permit to Kindle Fire shall be obtained from the Town Forest Fire Warden or other designated Town official. Such a permit may only be issued for the following types of open burning:
  - 1. The Open Burning of Natural Wood and Non-Woody Vegetation resulting from yard or property maintenance, logging and clearing operations, agricultural improvements, forest or wildlife management, or for festive celebrations.
  - 2. After providing the required notice to the Vermont Department of Environmental Conservation, the burning of solid or liquid fuels, or structures for bona fide fire training provided that materials other than Natural Wood are removed to the greatest extent possible prior to the training. If the fire training involves a structure, filing a demolition notification form with the Department of Health is also required.
  - 3. With the prior approval of the Vermont Department of Environmental Conservation, the Open Burning of construction or demolition materials and commercial wastes such as pallets and skids that are Natural Wood items. If the burning involves Natural Wood derived from the demolition of a structure, filing a demolition notification form with the Department of Health is also required.
  - 4. With the prior approval of the Vermont Department of Environmental Conservation, burning authorized by the Londonderry Selectboard for the protection of public health or to thwart a hazard, which cannot properly be managed by any other means.
- C. The open burning of Natural Wood and Non-Woody Vegetation is allowed at a designated place within the municipality by the Town of Londonderry in accordance with 10 V.S.A. 565 (Title 10, Part 1, Chapter 23, Section 565), and under the direction of the Town Forest Fire Warden.
- D. Any Open Burning not listed in paragraphs B and C of this Article is prohibited by this ordinance including but not limited to the burning of Hazardous Wastes and Recyclable materials.
- E. The provisions of this Ordinance shall not apply to the burning of Natural Wood or any virgin fuel in a furnace or other enclosed container to produce heat, power, or for the purpose of preparing food.

- F. Open Burning or Incineration in violation of this ordinance may result in enforcement actions as described in Article V.
- G. Any permission granted by the Vermont Department of Environmental Conservation under this Article shall be presented in writing to the Town Forest Fire Warden or Deputy Forest Fire Warden prior to the permitted open burning or incineration.

**ARTICLE IV. [RESERVED]**

**ARTICLE V. PENALTIES AND CIVIL ENFORCEMENT**

- A. This ordinance is a civil ordinance and enforcement shall be brought in the judicial bureau in accordance with 24 V.S.A. 1974a et seq.

- B. The penalties for violating this ordinance are as follows:

	<u>Civil Penalty</u>	<u>Waiver Fee</u>
First Offense: No Penalty	Written warning – demand to cease burning	
Second Offense:	\$100.00	\$50.00
Third Offense:	\$250.00	\$125.00
Fourth and Subsequent Offenses:	\$500.00	\$300.00

- C. For each offense, a written notice of violation will be issued. The waiver fee is paid by a violator who admits or does not contest the violation.

**ARTICLE VI. DESIGNATION OF ENFORCEMENT PERSONNEL**

For the purposes of this ordinance, the Town of Londonderry Selectboard may designate any combination of the following persons as enforcement personnel: members of the Selectboard, the Town Health Officer, the Town Attorney, the Town Constable(s) and any official with law enforcement authority under Vermont law.

**ARTICLE VII. GENERAL PROVISIONS**

- A. Severability

This ordinance and its various parts, sentences, sections, and clauses are hereby declared to be severable. If any part, sentence, section or clause is adjudged invalid, it is hereby provided that the remainder of this ordinance shall not be affected thereby.

- B. Repeal of Inconsistent Provisions

All ordinances or parts of ordinances, resolutions, regulations, or other documents for the Town of Londonderry that are inconsistent with the provisions of this ordinance are hereby repealed to the extent of such inconsistency.

- C. Publication and Posting

This ordinance, or a concise summary thereof, shall be published in the Vermont Journal within fourteen (14) days of its adoption, and shall be filed with the Town Clerk and posted at five (5) conspicuous places within the community.

D. Right of Petition

Notice is hereby given of the right to petition for a permissive referendum vote on this ordinance at an annual or special meeting as provided for in Title 24, Vermont Statutes Annotated, Section 1973. Such petition for a permissive referendum must be signed by not less than five (5) percent of the qualified voters of the Town of Londonderry and shall be presented to the Selectboard or the Town Clerk within forty-four (44) days following the date of adoption.

E. Effective Date

Unless a petition is filed in accordance with Title 24, Vermont Statutes Annotated, Section 1973, the Ordinance shall become effective sixty (60) days after its adoption.

**Adopted by the Town of Londonderry Selectboard at its meeting held on the 6th day of July 2020.**
