Parks Board Minutes

The Londonderry Parks Board met at Memorial Park 1661 Goodaleville Road South Londonderry on Monday June 20th, 2022 at 7:00 pm

In Attendance: Marge Fish, Steve Bergleitner, Taylor Barton, Andy Kubica, Kelly Pajala

The meeting was called to order at 7:11.

There were no additions and deletions to the agenda.

There was no public comment.

Steve B made a motion to approve the minutes from the previous meeting. Marge F seconded the motion. The motion passed.

There was an update about Music Monday from Andy. We are working on booking one last band for July 25th. Max is helping us find a band. Everything else is booked and ready to go. We raised enough money to cover our costs for the summer. People are going to send thank you notes to sponsors.

There were a few tasks for the Parks Employee that were discussed: recruiting volunteers to spread woodchips next week, site prep for the storage shed at Memorial, cut back trees in the upper parking lot, check in about the pond treatment schedule, till the beach sand again and kill more grass.

Pingree Park planning was discussed. A letter is being sent out to pickleball players to Fund raise for the purchase of a rolling pickleball net. We are still waiting on a quote for the replacement Pingree Park sign. Jane MacKugler asked if a volunteer could paint pickleball lines on the basketball court since the board intends to turn the space into a multi-use court when we get it resurfaced. Marge F made a motion to allow painted pickleball lines on the basketball court if they are a different color from the current lines. Steve seconded the motion. The motion passed. The board is going to invite a FBAA board member to our next meeting to discuss the stair and bleacher installation at the lower baseball field. Kelly will check in with Best Septic to see if they have continued to have problems with the porta potties at Pingree. We touched on undertaking getting wifi service in the park.

Memorial Park planning was discussed: it is hard to know if the new pond treatment is working. A new volleyball net has arrived, and Leigh will install it asap. The beach needs to be tilled again and we would like to find a way to kill off more of the grass growing in the sand. The board decided to locate the storage shed in the corner of the upper parking lot where the bulletin

board was located. Some small trees and branches will need to be removed to minimize trees overhanging the shed, but no additional area needs to be cleared. The repairs to the lower driveway cost \$1,300 and will come out of the Memorial Park fund.

There was a discussion about the Buxton Park RFP for gardening and tree work. The draft looks good.

The next meeting will be on July 18th at 6:00pm at Pingree Park

The meeting was adjourned at 8:15pm.
