**Conducted by Zoom**

Attending: Marlene Boyaner

1. Meeting was called to order at 2:03. Sharon was informed that Tom Platt had appeared in person at the Town Hall. Because the Governor had not signed the provision allowing for remote meetings until Weds., the meeting had been warned that there would be a member of the Planning Committee physically present. There was not. Elsie volunteered to go to Town Hall and the meeting was suspended until she got there, but he left because he was told that the meeting had been cancelled before Elsie got to Town Hall. As a result, the meeting was cancelled. It will be rescheduled.

Respectfully Submitted, Dick Dale
